

# Séminaire du Cercle Benvéniste

## Benveniste Circle Seminar

## Multilingual Reading Session

**Led by Anna Pletnyova**

Participants to bring a text of your choice to share. Could be poetry or prose. Read or perform in the language of your choice: natural or artificial. Anything you feel like reading in order to give others a taste of your own language. No translation required, unless you want to. No further comment, unless you have one. No apologies, even if you are Canadian. This language diversity event is the usual *Circle's* way of celebrating the end term.
