Cooke, J.E., Racine, N., Plamondon, A., \*Tough, S., & \*Madigan, S. (2019). Maternal adverse childhood experiences, attachment style, and mental health: Pathways of transmission to child behavior problems. *Child Abuse & Neglect*, 93, 27-37. <https://doi.org/10.1016/j.chiabu.2019.04.011>

Investigations have found mothers' adverse childhood experiences (ACEs) confer an intergenerational risk to their children's outcomes. However, mechanisms underlying this transmission have only been partially explained by maternal mental health.

## VOLUNTEER AND JOB POSTINGS

The **Department of Psychology** has been approved to hire 2 lecturers in the near future. The job ad can be found on the **University of Saskatchewan Career Centre**. Details of the requirements, credentials, anticipated start date, salary, etc can all be found in the ad. Please follow the instructions for applying, should you decide to submit an application. **Anyone without their official Ph.D cannot be considered for these positions** (sorry grad students). <https://usask.csod.om/EPM/CareerCenter/CareerCenter.aspx>

**VOLUNTEER AND JOB OPPORTUNITIES Continued...**

**Stony Brook University Consortium Postdoctoral Fellowship Program (SBU-CPFP)** Brief Description of Duties: The Leonard Krasner Psychological Center (KPC) and the Mind Body Clinical Research Center (MBCRC) in the Departments of Psychology and Psychiatry (respectively) at Stony Brook University seek 4 full-time Post-doctoral Fellows (3 adult-focused positions and 1 child/adolescent position) to provide outpatient and inpatient clinical services. Outpatient psychotherapy services include: assessment, consultation, and provision of time-limited evidence-based interventions (e.g., Cognitive Behavioral Therapy). Inpatient clinical services will include working as part of an interdisciplinary team in either the psychiatric emergency department, consultation and liaison service, adult inpatient unit, or the child inpatient unit. Additional activities will include: providing support for ongoing research studies, assisting with training activities, and providing supervision to pre-doctoral psychology interns and externs. Postdocs may also participate in our comprehensive Dialectical Behavior Therapy Program (i.e., skills training, consultation team, and skill coaching). Additional training opportunities are available in mindfulness-based and behavioral health interventions

Activities will include:

- 75%-Providing evidenced-based psychotherapy services (CBT/DBT/ACT)
- 15%-Supervision, Training and supervising trainees
- 5%-Research activities
- 5%-Other duties as assigned

**Required Qualifications:**

Doctoral Degree in clinical psychology; Demonstrated experience in providing cognitive behavioral and/or third-wave treatments (e.g., mindfulness, dialectical behavior therapy (DBT), acceptance and commitment therapy); Publication(s).

Preferred Qualifications:

- Experience with providing hospital-based psychological services.
- Broad-based clinical research experience with adults and/or children/adolescents.
- Experience with supervising support staff and/or trainees.
- Experience leading/co-leading DBT skills groups
- Experience with grant and manuscript writing.
- Experience with trauma-related research and treatment. Minimum 1 first authored publications.

**Start date: August 1st, 2019. Accepting applications now until positions are filled.**

**Please email a cover letter, current CV and 2 letters of recommendation to Drs. Dina Vivian ([dina.vivian@stonybrook.edu](mailto:dina.vivian@stonybrook.edu)) and Adam Gonzalez ([adam.gonzalez@stonybrook.edu](mailto:adam.gonzalez@stonybrook.edu)).**

The **School of Psychology** at the **University of Southern Mississippi** invites applications for **4 full-time, 9 month, Visiting Assistant Professor** positions **beginning August 2019**. This is an exciting opportunity to join the School of Psychology which is home to 125 graduate students enrolled in APA-accredited doctoral programs in Clinical, School & Counseling Psychology, an MPCAC accredited Counseling Psychology MS program, and 600 undergraduate psychology majors. More information can be found at [www.usm.edu/psychology](http://www.usm.edu/psychology). Three positions will be designated to generally support the undergraduate and graduate training programs. Primary responsibilities will include teaching 4 undergraduate classes each semester with potential for graduate courses in the applicant's areas of expertise, and academic advisement. Openings include applied undergraduate courses, introductory psychology and behavioral neuroscience. Graduate level courses include practicum supervision in our in-house training clinic, multicultural counseling, and behavioral neuroscience. One position will be designated to support the clinical psychology doctoral and undergraduate programs. Primary responsibilities will include teaching 4 classes each semester with openings for introductory and applied undergraduate courses and opportunities to teach graduate level courses including practicum supervision in our in-house training clinic, developmental psychology, introduction to clinical skills, and/or cognitive assessment. These are ideal positions for a post-doc interested in obtaining more extensive experience in teaching undergraduate and graduate courses for individuals preparing for a career in academia. Opportunities to obtain post-doctoral supervision towards licensure (which includes mentorship, professional development) and/or to conduct and collaborate on research are available. Qualifications include: a doctoral degree from an APA-accredited program in school, clinical or counseling psychology, or a doctoral degree in general psychology (experimental, brain & behavior, etc.), by August of 2019 and strong teaching skills. Hattiesburg is located approximately 70 miles north of the Mississippi Gulf Coast and 100 miles from New Orleans and is a great place to live. Hattiesburg offers a unique blend of a high standard of living at reasonable costs. In 2014, Hattiesburg was recognized by Livability.com as one of the nation's top college towns. Review of applications will begin immediately and continue until the positions are filled. Applications should be submitted to [jobs.usm.edu](http://jobs.usm.edu). Please feel free to contact Dr. Bonnie Nicholson ([bonnie.nicholson@usm.edu](mailto:bonnie.nicholson@usm.edu)) to inquire about the positions. A completed application will include 1) a cover letter, 2) a CV, 3) names and contact information for three references, and 4) academic transcripts (unofficial transcripts are acceptable). The program is committed to increasing diversity; we encourage applications from those who identify as diverse in terms of gender, race, ethnicity, and/or sexual orientation AA/EEO/ADA.

The **Department of Psychology, Faculty of Arts**, at the **University of Manitoba** invites your consideration of a move to a vibrant and friendly city, Winnipeg, to join a research-intensive department and program in Social Psychology at the Province's most comprehensive (U15) university as a SSHRC Tier 2 Canada Research Chair (CRC). The Government of Canada has established the CRC program to enable Canadian universities to foster world class research excellence (<http://www.chairs-chaires.gc.ca/program-programme/index-eng.aspx>). Recent changes to the program include an additional \$20,000 research funds in the first term. This will be a full-time tenured or tenure-track appointment in the Department of Psychology at the rank of Assistant or Associate Professor commencing July 1, 2019 or as soon as possible thereafter. Rank and salary will reflect the qualifications and experience of the chosen candidate. Tier 2 CRC positions are intended for exceptional emerging researchers at an early phase of their careers (i.e., normally within 10 years of receiving their Ph.D.).

**VOLUNTEER AND JOB OPPORTUNITIES Continued...**

These positions are for five-year terms and are renewable once. For the duration of the CRC, the successful candidate will have reduced teaching responsibilities. The candidate selected for this position will be required to work with the Department of Psychology and the Faculty of Arts to prepare a formal nomination to the CRC Secretariat according to the CRC program guidelines. However, this faculty appointment is not contingent on the success of the nomination to the CRC.

We are seeking an exceptional emerging leader in research on any aspect of Social Psychology. The successful candidate will be someone who has an outstanding publication record and innovative research program in this area, who can further build on existing strengths and forge connections within and beyond the community of Winnipeg that will catalyze the University of Manitoba as a nationally and internationally leading institution for research and undergraduate and graduate training in this vitally important field for the basic understanding of society, social change, and individual well-being. For more information click [HERE](#)

The Department of Psychology and Neuroscience at **UNC Chapel Hill** is seeking a **postdoctoral scholar** to work on a joint project with Drs. Eva Telzer, Kristen Lindquist, and Mitch Prinstein. They specifically are looking for a postdoc with excellent writing and analytic skills who is interested in gaining training and writing many publications using a unique dataset that combines theories and methods in developmental neuroscience (longitudinal fMRI data), developmental psychopathology (data on peer interactions, psychopathology, risk behaviors), and social affective psychology (emotional processing). The ideal applicant will have experience analyzing fMRI data, a strong publication record, experience with social or developmental neuroscience methods, and an interest in adolescent interpersonal experiences, psychological symptoms, affect, or risk behaviors. The applicant must have a PhD in Psychology (Developmental, Clinical, or Social Psychology, for instance), Neuroscience, or related field by the time the position begins. The position also includes opportunities for professional development and unique interdisciplinary training that will be useful for a variety of academic career paths.

Applicants should submit a CV for initial review to Karee Jones at [kjones92@email.unc.edu](mailto:kjones92@email.unc.edu).

The **School of Arts and Social Science at Grenfell Campus, Memorial University** invites applications for a **two-year regular term position** with the potential for renewal. A specialization in cognition and/or perception, within Psychology's Bachelor of Arts and Bachelor of Science programs at the rank of **Assistant Professor**. **The position will begin on August 1st, 2019.**

The **Department of Psychology** in the **Faculty of Arts** at the **University of Regina** invites applications for a tenure-track appointment at the rank of Assistant Professor; the successful applicant will be nominated for a Tier II Canada Research Chair in the area of Children and the Justice System, with an expected appointment date of July 1<sup>st</sup>, 2020. The ideal candidate would develop a research program that uses the methods of experimental forensic psychology to investigate children's experiences within the justice system. Examples of such research programs could include the development of evidence-based practices to guide how police/attorneys collect information from children; perceptions of child witnesses; or, research that advances theory in the development of memory and morality/lie-telling in children. For more information or to apply click [HERE](#)

The **Department of Psychology** at the **University of Regina** is seeking applications for a **1-year term position in Clinical Psychology at the rank of Assistant Professor**. The successful candidate will have a PhD in Clinical Psychology from a CPA- or APA-accredited program. The successful candidate should also be registered or be eligible for registration with the Saskatchewan College of Psychologists. Area of research specialization is open for this position. Anticipated date of **commencement is July 1, 2019**, depending on the availability of the successful candidate. For more information click [here](#)

**EVENTS**

Please join us for a Psychology Open House at WCB Calgary. Psychological concerns are affecting more workers than ever, and you play an essential role in supporting the mental health and wellbeing of those who are injured on the job. It's time to celebrate your contribution to significantly reducing the impact of workplace illness and injury on Albertans.

We would like to invite psychologists with an interest in WCB to join us for an Open House on June 17. This is your opportunity to:

Meet your local WCB Psychology Consultants and support staff

- Learn what is involved in contracting with WCB to provide counselling, psychological assessments, or neuropsychological assessments
- Offer suggestions for improving psychological services to injured workers
- Provide ideas for continuing education workshops
- Help build relationships between psychologists and WCB-Alberta

Coffee and refreshments will be served.

**June 17, 2019**

**11 a.m. – 2 p.m.**

**WCB Calgary (4311 - 12 St NE)**

Please **register** for this event by **June 10, 2019**. **RSVP** to Virginia Newton through email ([virginia.newton@wcb.ab.ca](mailto:virginia.newton@wcb.ab.ca)) or by phone (403-517-6216). We look forward to seeing you!

The Mathison Centre for Mental Health and Research presents:

**Mental Health Research Day - Innovative Approaches to Treatment and Diagnostics in Mental Health Disorders**

**June 12, 2019 | 8:30 am - 4:30 pm**

**U of C Dining Centre - Main/Central campus**
